

NEVADA STATE JOURNAL

C. C. POWNING, Editor and Proprietor

THE VACANT DISTRICT JUDGESHIP.

The Elko Independent, a Democratic paper, says:

The office of United States District Judge for the State of Nevada, made vacant by the recent death of Hon. Geo. M. Sabin, is one for which there are a number of applicants, among whom are mentioned Judge Coffin, of Carson, Judge Rising, of Virginia City and Judge R. R. Bigelow, of Reno.

While the position is not a very lucrative one, the salary being \$3,500 a year, it is one of great importance and hence should be filled by a man of eminent legal ability who commands the confidence and esteem of the people of the State. The office being purely judicial it is in no sense a political one, and while it is but natural to suppose that the President will appoint one of his own political faith to the position, the people are interested more in the character and ability of the appointee than they are in his political preferences.

Among those named as aspirants for the office of United States District Judge no one, in our judgment, is more competent or more deserving than the Hon. R. R. Bigelow, formerly of Elko, now of Reno, and at present holding the position of District Judge of the State of Nevada. Mr. Bigelow is not only a fine lawyer and an illustrious and conscientious Judge, but to these qualifications are to be added strict temperance, which is an unimportant factor in the qualifications of one who occupies the Bench either as a Federal or State officer. We believe we voice the sentiment of a very large majority of the people of Eastern Nevada in recommending the appointment of the Hon. R. R. Bigelow to the office of United States District Judge for the State of Nevada.

DESERVES A CREDIT MARK.

The Silver State remarks:

The Appeal says that Congressman Bartine has telegraphed Dr. Lee, of Carson, that he wants a competitive examination for West Point cadet, and desires that it be held before June 5th.

It was only two weeks ago that Mr. Bartine arbitrarily appointed a cadet to the Naval Academy at Annapolis, and the fact that he now telegraphs to Carson to have a competitive examination, which must be held before June 5th, indicates that it was the criticisms on such favoritism that induced him to give every boy who feels disposed to enter the list, opportunity to compete for the prize, with the assurance that merit, not politics or pre-election promises, shall determine to whom it shall be awarded.

The Silver State has for years contended that in justice to all the youths of the State the example set by Congressman Cassidy should be followed in selecting cadets. The fact that Congressman Woodburn would not follow that example through his terms, as we believe, left Nevada unrepresented at West Point, as none of those whom he selected for the place were accepted. It is now pleasing to note that Mr. Bartine acknowledges the fairness of arbitrarily appointing dullards to West Point and Annapolis over the heads of bright boys and giving cause for suspecting that cadetships are bartered for votes. The whole people are taxed to support these academies and only boys who have proved themselves best qualified at a competitive examination should be admitted to them as cadets.

Stanford's Land Loan Bill.

In the Senate Wednesday Senator Stanford introduced his bill providing for loans by the Government, secured by liens upon lands. The bill provides for the establishment of a land loan bureau in the Treasury Department with a chief to be paid \$6,000 per annum and a chief deputy at \$5,000. The Treasurer of the United States is authorized to have \$100,000,000 in notes printed to be thus loaned, and which notes shall be legal tender for private debts equally with gold and silver, and be received at par except for the payment of interest on the public debt and for the redemption of the national currency. Any citizen or person who has declared his intention to become a citizen, who owns unincumbered agricultural land, is entitled to borrow from this fund an amount equal to one-half the assessed value of his land. The loans can run not to exceed twenty years. No loan shall be less than \$250. All loans must be recorded in the land offices of the counties wherein the land is situated. The party applying for a loan must deposit a sum to pay the costs of the examination of his land. All loans shall bear interest at the rate of 2 per cent per annum, payable annually, the Government to be secured by liens or first mortgages on the lands. The bill was laid upon the table, and it is understood Stanford will address the Senate upon it in a few days.

Just now Stanley is full of the idea of transporting negroes from the Southern States of America to Central Africa. The precise site fixed upon is the Upper Congo forest country, 35,000 square miles in extent, which Stanley estimates would provide for each of the negroes of the South something like a quarter of a square mile of land for his inheritance. The climate is healthy, the country abounding in navigable rivers, with hills and valleys to diversify the scenery. It struck Stanley in passing through it that it resembled Arkansas, Mississippi and Louisiana, without their swamps. Anything might be grown on it, he says, from the oranges, sugar-cane and cotton of sub-tropical lands to the wheat of California and the rice of South Carolina.

Secretary Blaine is reported to have stated that he will not be a candidate for the Presidency in 1892. He regards Hill as the prospective Democratic candidate.

The Democrats say the Nevada State Central Committee has read Mr. Harrison out of the party.

There seems to be another little sport in Potosi stock. It reached 4% yesterday, but fell back to 4:10.

STEWART ON SILVER.

THE ARNOLD CASE CLOSED, AND READY FOR ARGUMENT.

Levees Broken—A Man Found in the Bay—The Baseball Boys—The Charleston Sails.

Senator Stewart on Silver.

Special to the JOURNAL.

WASHINGTON, May 21.—Stewart argued against the demonetization of silver. The Republican party in its platform favored both silver and gold. The bill advocated by the Secretary of the Treasury, and supported by Senators Sherman and Dolph was a cunning device to stop present coinage of silver and was a mistake. It means that the Republican party was in favor of silver money at the market price of silver. Stewart said that was mere quibble.

Wilson and Farwell gave notice of amendments to the silver bill, and the bill in relation to liquor imported into prohibitory States was again taken up. Evans favored and Hiscock opposed the bill. The bill was laid aside without action. The Senate then went into executive session and adjourned.

The Arnold Case Closed.

Special to the JOURNAL.

SAN FRANCISCO, May 21.—In the Arnold case to-day J. J. Butler testified to the efforts made by Garners to get him to handle defamatory circulars, and gave the substance of several interviews with Garners, in one of which the latter said he would have either Arnold's money, his wife or his life. Several other witnesses were examined and the case was closed. The Court adjourned until to-morrow, when the arguments of counsel will be heard.

A Miraculous Escape From Death.

Special to the JOURNAL.

SACRAMENTO, May 22.—This morning a large force of men who were at the long snowshed, a mile and a half east of Emigrant Gap, removing snow and repairing the shed were overcome by an avalanche of snow which crushed 150 feet of the heavily timbered shed and carried the men down the hillside some distance. All, however, escaped serious injury though several were badly cut and bruised. The men escaped death almost by a miracle. The track was blocked for five hours.

A Weak Scandals.

Special to the JOURNAL.

SAN FRANCISCO, May 21.—Joseph Jardine, Edward Siskron and John Hack, painters, while at work on the American Biscuit Company's factory, were thrown fifty feet to the ground this afternoon by the breaking of a scaffold. Jardine had his right ankle broken, Siskron's left arm was broken and Hack's right leg broken. It is feared they have received internal injuries.

Baseball Yesterday.

Special to the JOURNAL.

National—New York, Pittsburgh 1; Philadelphia 4, Chicago 3; Brooklyn 19; Cincinnati 4; Boston 1, Cleveland 0.

Players—New York 5, Chicago 2; Brooklyn 5, Buffalo 6; Boston 11, Pittsburgh 6; Philadelphia 7, Cleveland 1.

American—Syracuse 1, Columbus 4; Rochester 2, St. Louis 7; Philadelphia 11, Toledo 3; Brooklyn 2, Louisville 4.

The Water Will Do It.

Special to the JOURNAL.

STOCKTON, May 22.—Four or five breaks occurred early this morning in the Union Island levees, flooding the new reclamation work. About 12,000 acres will be flooded, one-half of which is in wheat, belonging principally to renters from Williams and Bixler. The cross levees probably hold the water off from the Kidd ranch. The breaks are in the levees which have been watched so carefully for several weeks at an expense of \$10,000 or \$12,000.

Our Navy.

Special to the JOURNAL.

WASHINGTON, May 21.—The orders for the revenue cutter Bear to cruise in the Bering Sea has been signed. It is understood that according to present instructions vessels caught violating the law will be dismasted and deprived of all means of further violation. Their logs and all skins will also be seized.

The Secretary of the Navy to-day accepted the dynamite cruiser Vesuvius.

The Vote on the Tariff.

Special to the JOURNAL.

WASHINGTON, May 21.—The Tariff bill was passed by a strict party vote with the exception that Coleman, of Louisiana, (Republican) voted with the Democrats. The vote was yeas 164, nays 142. The House then adjourned.

The Baptists.

Special to the JOURNAL.

CHICAGO, May 21.—The report of the Baptist Board of Managers sat at great length. It showed that during the last forty years the average annual increase in membership was sixty-one thousand. The financial statement shows the society was much more than self-supporting.

The Charleston.

Special to the JOURNAL.

SAN FRANCISCO, May 21.—The U. S. Flagship Charleston left port to-day under sealed orders, the ostensible destination being Honolulu.

There seems to be another little sport in Potosi stock. It reached 4% yesterday, but fell back to 4:10.

The Northern Pacific.

Special to the JOURNAL.

OCTOBER 20.—Charles Francis Adams of the Union Pacific, accompanied by Mr. Bogue, arrived by special train yesterday. He was received by the Governor, Mrs. Ferry, General T. I. McKinney, G. A. Barnes, T. M. Reed and the Board of Trade at the Hotel Olympia, where they were dined. Authorized agents of the Northern Pacific proposed, at a meeting of citizens and the Board of Trade last night, that a broad-gauge should be built by December 1st, if a \$50,000 subsidy, the same as the two other railroads obtained, the right-of-way and depot facilities be tendered. The agents were authorized to make a proposition by the President of the road, who is in the East and would not require the money till the road was completed to Gray's Harbor. The road must have, though, at once, the right-of-way to enter the city and depot facilities. Its construction value is \$20,000,000 to Olympia. This makes three broad-gauge lines to Olympia. Properly now worth \$25 per acre, will then be worth \$50 per acre, and lands will be worth \$10 for each \$1 now. A committee was appointed to sign an agreement and will report to-day.

Wanted to Kidnap the Officers.

Special to the JOURNAL.

SAN DIEGO, May 21.—United States Marshal Gardin and Collector of Customs Berry, to-day expressed themselves as being satisfied that a well organized plan had existed in pursuance of which Mexican officials of Lower California were to have been seized, which action it was believed would cause an uprising of disaffected residents of Lower California. Among the statements published in connection with the affair is one to the effect that the International Company was to favor the project, and \$100,000 was to be expended for arms and ammunition by an agent who is in New York for that purpose.

An Election Contest Inquiry.

Special to the JOURNAL.

WASHINGTON, May 21.—A young man named Taylor testified before the Sub-Committee, investigating the Clayton-Breckenridge contested election, that on the night of the election it was reported that Howard township had gone Democratic and a party of young men went to Plummerville to prevent trouble among the negroes, and O. P. Bentley and W. F. Wells took the ballot box and carried it to Wells' store.

Adjourned till Friday when ex-Attorney General Garland will appear for Breckinridge.

Was He Murdered?

Special to the JOURNAL.

SAN FRANCISCO, May 21.—The body of an old man was recovered from the bay this morning. His skull had been crushed, apparently by a blunt instrument, and his head bore a number of cuts. On the body was found a copy of an afternoon paper of the day of Monday last and an envelope addressed C. M. Murray, Modesto.

Guarding Against Smallpox.

Special to the JOURNAL.

SACRAMENTO, May 21.—The State Board of Health has appointed three Inspectors to go to Denning and El Paso and guard against smallpox patients being brought across the border. The Board has been authorized to spend not exceeding \$1,000.

Held Without Bail.

Special to the JOURNAL.

SAN DIEGO, May 21.—J. E. Williams and Dr. Wengen were to-day held by Commissioner Ward to answer to the U. S. Grand Jury without bail, charged with aiding Chinese to come into this country from across the line.

Of Course They Found Him in New York.

Special to the JOURNAL.

NEW YORK, May 21.—George S. Turner, who is wanted in Seattle for the embezzlement of \$15,000 from the relief funds of the recent fire, has been arrested here. Turner was remanded to await the arrival of requisition papers.

Hanged for Rape.

Special to the JOURNAL.

COLUMBUS, Miss., May 21.—While the trial of Frank Anderson, colored, for rape, was in progress to-day, a crowd of men took him from the court-room and hanged him to a tree.

Of Course They Found Him in New York.

Special to the JOURNAL.

NEW YORK, May 21.—George S. Turner, who is wanted in Seattle for the embezzlement of \$15,000 from the relief funds of the recent fire, has been arrested here. Turner was remanded to await the arrival of requisition papers.

BREVITIES.

The weather is very pleasant.
Tule Frank was in town yesterday.
"Shorty" is running short on tomatoes.
Governor Stevenson was in town yesterday.

The Verdi Mill Co. is turning out lots of work.

Pete Marker came in from Lovelock last night.

Read Mrs. Beaglehole's sad, in the 50-cent column.

The Carson river was higher than ever yesterday.

Charley Lewis was up from Wadsworth yesterday.

Which one of the Reno boys wants to go to West Point?

Geo. Alt has lost a memorandum book. See 50-cent column.

Geo. Holeworth is the boss carpenter. Another boy yesterday.

Virginia City is still the best town of its size on the Pacific Coast.

L. A. Blakeslee, of Humboldt, came down from Carson last evening.

The people of Austin are circulating petitions asking the appointment of Judge Bigelow as U. S. District Judge.

L. J. Cohn, Walter Morton, F. H. Norcross and P. E. Comstock are the Census Enumerators for Washoe county.

Three new houses are being built at Verdi. Supt. Condon, of the Verdi Mill Co., is erecting a very handsome cottage.

Rev. P. W. Dorsey, of Emmanuel Baptist Church, San Francisco, will preach the dedicatory sermon next Sunday at the new Baptist Church.

If you must patronize a Building Association take shares in the Union Building and Loan Association, of San Francisco. Keep your money at home.

The net profit from the Wenban mine at Cortez, Eureka county, is said to average \$20,000 a month. The expense of the production is \$15,000 a month.

Gebhardt, the barber, was assaulted in front of the Phoenix hotel, yesterday afternoon but not by Mr. Killeen, the proprietor. The offending party did not hit him with a brick, but pushed him over on the V. & T. track.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle.

An Old Nevadan.

C. L. Canfield, formerly of Virginia and Eureka, is in Reno. Mr. Canfield is now the general agent of the Chicago, Milwaukee & St. Paul railway, which controls 6,000 miles of track, for the Pacific Coast. Mr. Canfield went to Eureka, Nevada, from Virginia, and was connected with the Leader for a year or two. Then he went to Chicago and became editor of the railroad department of the Times, and was finally promoted to a general agency, which position he now occupies.

To the New Building.

The Eureka Sentinel says: The Silver State seems to think that the U. S. Surveyor General's office is likely to be removed to Winnemucca because Mr. Turnipkin, the newly-appointed Surveyor General, resides there. It is more likely to go to Carson. The law contemplates that most of the Federal offices and offices shall be quartered in the new Government building at Carson, now nearing completion. Winnemucca would be, however, a central and convenient point for all of the people of the State.

Not a Candidate.

The Carson Tribune says: Hon. James W. Haines, of Genoa, who has been spoken of as a candidate for Governor at the coming election, has instructed the Tribune to state that he has no political aspirations; that he has all the wealth he needs for his old age and intends enjoying his "otium cum dignitate" under his own shade trees.

Taking Sheep East.

Pasco & Fleming are preparing to start east from Humboldt with 14,000 wethers. They will drive them to Soda Springs, on the Oregon Short Line, from where they will ship them by rail to Nebraska.

Falling a Little.

The Humboldt river is falling a little, but the general opinion is that it will be higher in June than it has been this Spring.

When Baby was sick,

We gave her Castoria.
When she was a Child,

She cried for Castoria.
When she became Miss,

She clung to Castoria.
When she had Children,

She gave them Castoria.

WASHINGTON NOTES.

Senator Jones' Great Speech—Mrs. Jones' Reception—Margaret Blaine's Marriage.

[From the JOURNAL'S Lady Correspondent]

WASHINGTON, May 14, 1890.

For the past two days the Senate galleries have been packed to their fullest capacity with an intelligent and interested audience eagerly drinking in the eloquent speech upon the silver question by Nevada's statesman, the Hon. John F. Jones. It is pronounced the ablest effort made by any Senator, so far, this session. Nevada may justly feel proud of the able champion of her interests. There was no indulgence in wild flights of fancy, no high-flown metaphor nor high-sounding meaningless phrases, but it was a masterly speech, rapids with good sound sense, deliberate reasoning and convincing argument, couched in the clearest, purest English.

Last evening the Senator was the guest of honor at an elegantly appointed dinner given by Col. Thos. Ochiltree, at Chamberlin's. Speaker Reed was also one of the distinguished guests.

Mrs. Jones will hold her last reception for the public Thursday. She is recognized as one of the most charming matrons and perfect hostesses at the Capital, and her entertainments are sure to bring together groups of delightful people.

Cards of invitation are out for the marriage of Miss Margaret Blaine and Mr. Walter Damrosch. The wedding will take place at the home of the bride, Saturday, the 17th instant, at 1 o'clock. The affair will be as quiet and as simple as possible, in consequence of the deep mourning of the family. Miss Margaret will begin housekeeping with an array of fine household linen, the gift of her mother. Every piece of it comes direct from the Grand Maison de Blaine de Paris, which produces nothing but art linens woven on hand looms. This famous house supplies all the courts of Europe, except the German. Miss Blaine is, perhaps, thirty. She has a rather long face, with prominent, bold features, a wealth of soft, nut-brown hair, and an erect, graceful figure. She is a fine linguist and a bright, witty conversationalist.

DOROTHY DEXTER.

THE BAPTIST CHURCH.

A New Edifice—One of the Ornaments of Reno.

The burning of the old Baptist Church last Summer proved a blessing in disguise. The society sold the ground on which it was erected, purchased a much more desirable site in Powning's Addition, and built thereon the neatest and most attractive church edifice in the State. The architectural effect is both modern and faultless.

The combining of the useful and beautiful in places of worship might be said to be modern, and contrasts as greatly with the somber gloominess of the structures of former days as does the teachings of the advanced pulpits of the present with those of former times, when, to be religious, to lead a pious life, an artificial yoke laden with everything that was adverse to social pleasures and the brighter phase of life had to be borne.

This new temple, which will be dedicated next Sunday, is on the corner of Second and Chestnut streets, and cost between \$6,000 and \$7,000. I. J. Walker was its architect and builder, and produced results of which he can justly be proud. The building is no less attractive within than without. The ceiling is so formed as to give perfect acoustic qualities, thus making the interior pleasing to the ear and eye. The pulpit is an innovation, with a baptistry underneath it, and a dressing and study room on either side, with a side entrance. There is a spacious platform for the choir on the right of the pulpit, fronted with an attractive balustrade, on which is a fine Mason & Hamlin organ, which will be presided over by Mrs. G. H. Taylor.

The auditorium raises from the pulpit and is handsomely carpeted and seated so as to seat about 500 persons. The side aisles are four feet wide and the center three. A space of 20x30 feet in the rear is cut off by folding doors, when required for Sunday School and other purposes. The basement is large and commodious, a part of which will be fitted up for culinary, festive and social purposes. The entire building, or any part of it can be brilliantly lighted up with the most perfect system of electric lights, which has been put in place.

Not only the members of the Baptist Church should be proud of this new structure, but each and every citizen of Reno should feel interested in it because so many travelers fix their estimate of the morals and enterprise of a place by the appearance of the school houses and churches.

Facing the Truckee -The Aristocratic Avenue Riverside Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$300,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno.

RENO!

Has 5,000 Population and is

Growing Rapidly.

The Loveliest Town!

The Cleanest Town.

The Wealthiest Town!

The Healthiest Town!

RENO

Is Supported by the Richest Farming Country of Nevada, Northern California and Southern Oregon.

RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.

RENO!

Is the Railroad Center of Nevada.

RENO

Is the Educational Center of Nevada.

RENO

Is the Healthiest Town in Nevada.

RENO

Is Great, and Alfalfa is King!
